

CFN SECURITY FEATURES

Dear Card Lock Customer:

At Ramos Oil, we are pleased to offer a fleet fueling program that can provide you the controls and features to effectively manage your fleet. Listed below are the numerous security features that are available. Please review and initial each item and sign to verify that these features were discussed with you.

GALLON RESTRICTIONS _____ (initial here)

You limit the gallon amount for your vehicles. Daily, weekly, or monthly. You decide.

DAY OF WEEK FUELING LIMITS _____ (initial here)

You can set the days for fueling. Our system works for your fleet on your schedule. Monday through Friday, weekends only... the choice is yours.

TIME OF DAY FUELING LIMITS _____ (initial here)

What time of day do you want your drivers to fuel? You decide! Mornings, evenings. It's your call!

PER DAY TRANSACTION LIMITS _____ (initial here)

Ramos puts three transactions on all new cards set up. If this is too many or not enough let us know. With established limits, there is no worry of unauthorized fuel consumption.

PRODUCT CONTROL _____ (initial here)

You can request all fuels, diesel only, gasoline only, you name it based on your driver's needs.

FUELING RESTRICTIONS BY STATE _____ (initial here)

You can restrict your cards for California only or All States.

MANUAL ENTRY OPTIONS _____ (initial here)

You decide if you want your drivers to enter the vehicle mileage or truck/job number. If mileage is entered correctly, this will give you miles per gallon, cents per mile and miles driven in a billing cycle.

ASSIGN CARDS _____ (initial here)

You assign cards to employee names or vehicle numbers. This helps ease accounting reconciliation.

IMMEDIATE LOCKOUTS _____ (initial here)

You can call us immediately to lock out cards in case of loss or theft.

INTERNET ACCESS _____ (initial here)

When you use your Ramos Oil card you are part of a live network that can offer fueling information via the Internet seconds after your drivers have fueled. If you require daily information it is at your fingertips.

Available 24 hours a day, 7 days a week.

The above security features have been discussed with me, I have initialed each feature and agree to all of the above.
