1515 South River Road • West Sacramento, CA 95691
Phone: 916-371-2570 • Fax: 916-371-0635

CFNnet Site Authorization Form

Thank You for choosing the Commercial Fueling Network, and Ramos Oil Company for your fueling needs. CFN offers many security features by providing card restrictions that put the customer in control of their fuel purchases.

CFNnet sites are another way for the CFN network to provide added locations and convenience by having local access. Unfortunately CFNnet sites do not provide the same features as a regular CFN site. CFNnet sites do not provide the security features as in gallon limits, time of day, product restrictions, and transaction limits as well as non-fuel purchases as does a regular CFN site.

Please sign below to have your CFN account authorized to purchase fuel at a convenient CFNnet site. This notice will serve as authorization to Ramos Oil Company to activate your CFN cards for purchases at CFNnet sites.
